DVNR Members

There have been several emails that have given plans for our August meeting for 8/17 and 8/18. The event is now only 2 weeks away and we need to know how many members plan to make the trip to Lake Wallenpaupack.

The plan goes something like this. Chris Owen and his Wife Heidi have offered their lakefront Summer home on Lake Wallenpaupack along with two rustic cabins as a retreat for the DVNR. The home is in Tafton PA and there is room for 23 people in beds. Some are single beds, some bunk beds and some are queens which would work well for some of our couples. Rooms are small but cozy. Chris made mention in one of his emails that there are three boat docks on the lake where you can be on the water (you will get wet). There is a cliff where you can watch the sunset, drink and smoke. No TV and no internet. I'll send more details for those who plan to attend.

For our members who don't want to ride their Nortons long distances this should be a great trip of about 100 miles each way. The original plan was to ride up on Saturday morning, have some lunch, then take a ride around the lake (29 miles) then relax and party. Some of our members asked if they could come on Friday afternoon and Chris graciously expanded the invitation. Heidi has offered to provide all the meals but we MUST know how many to expect. Of course any bike will be welcome and there is some space if you have a camper or want to tent.

There are many restaurants and the Wallenpaupack Brewery nearby. Oktoberfest will also be going on in the Alpine Village Honesdale PA.

Heidi says you don't need a bunch of clothes for this trip. Most people wear the same casual clothes all weekend. Don't forget a bathing suit and towel.

After partying on Saturday night we will have breakfast and straighten up a bit, then head home on Sunday morning.

Guys and Gals, it doesn't get any better than this.

Please reply as soon as possible and state if you plan to do Fri, Sat & Sunday or just Sat & Sunday.
