

# Return of the Cycles to the Matheny School for Children.

Ready Your Sidecar Rigs

Ride Date: Thursday June 13<sup>th</sup>

Gladstone NJ Fire House at 6:00 pm

Dear Friends and Fellow Riders;

It's that special time of the year again for Children of the Matheny School to end the school year and welcome on summer. So once again, we are soliciting all our Side Car, hack and Trike friends to set aside these date in order to help us bring some joy and excitement to the students of the school. We get them out of those wheelchairs and into our "chairs" – the ones attached to our motorcycles. We then go for a ride around the school grounds. The kids really look forward to seeing you all. Look forward to this event all year

Your participation in the past has been crucial to the success of this event and we are hopeful that you will be able to work with us again this year. If you know of anyone else with a Side Car or Trike who would like to participate, please pass this on, along with my contact information below

If you have any questions please don't hesitate to call. Hope to see you their

Sincerely;

Alternately

Kenny Maas

Here is a little bit about Matheny, from their website: <http://www.matheny.org/>

Matheny's main campus in Peapack, NJ, is home to 101 children and adults with developmental disabilities. Many of the children and adults currently at Matheny, in addition to their primary diagnoses, have a long list of associated clinical conditions such as vision and hearing deficits, seizure disorders, mental retardation and dysphagia, with resulting aspiration problems. While the great majority of Matheny patients have cerebral palsy as their primary diagnoses, Matheny also has patients with spina bifida, Lesch-Nyhan Disease (LND) and a wide range of uncommon conditions including Rett syndrome, Angelman syndrome, Cornelia De Lange syndrome, Wolf-Hirshorn syndrome and 4Q Deletion syndrome.
