Feeding Report Summary – May 4, 2020

Western Area Food Program Status

County	Availability	Quality	Storage	Distribution	Remarks
Allegheny					The National Guard will continue to support the Greater Pittsburgh Food Bank Operations beyond May 8. Food supply needs include shelf-stable milk, canned meals, and retail-packaged meats. Could also use a few more food processors/manufacturers to make foodservice products consumer ready. The demand for repack workers is increasing as we launch two packing lines at a secondary site in the Monroeville Convention Center. *Sent to Feeding Task Force.
Armstrong					NSTR
Beaver					NSTR
Butler					NSTR
Cambria					NSTR
Cameron					NSTR
Clarion					Increases from summer homes, camps, cabin rentals and campground openings are starting to cause issues with food supplies. Our agencies could use more refrigeration and freezers.
Clearfield					Could use direct distributions of food to the county like from Second Harvest or Central Food. Shortages in pantry items (cereal, pasta, pancake mix, canned vegetables), meats (canned and frozen), and dairy (cheese and yogurt). Other items needed include bread, eggs, flour, butter, sugar, etc. *Sent to Feeding Task Force.
Crawford					The Center for Family Services has seen an increase in individuals needing assistance and food. They continue to operate all of their food pantries with a few provisions and provide access to all basic essential services. They are currently seeing a rapid depletion of their emergency food supply, but some donations have been coming in. No other critical issues related to food or feeding programs.
Elk					NSTR
Erie					Agencies could use more refrigeration and freezers. Nothing critical to report.
Fayette					NSTR
Forest					Agencies could use more refrigeration and freezers. Nothing critical to report.
Greene					The county is reporting no unmet needs for food.
Indiana					NSTR
Jefferson					Agencies could use more refrigeration and freezers. Nothing critical to report.
